

KinderConnect – Merge Parents

If a **Child** starts receiving services while eligibility is being determined, it is necessary to create a Non-Subsidized (Private Pay) Schedule in order to track **Attendance**. As part of the process, **Sponsor** records may be duplicated between the two types of schedules. The child **Sponsor** records can be merged in order to remove duplications created during child setup.

- A** On the main KinderConnect menu, press **Merge** under Sponsor to view all new **Authorized Parent** names.
