

KinderSign – Refreshing your Android Tablet

It is necessary to refresh your tablet regularly to update all information and authorizations. Note: Your tablet must be online to refresh the data.

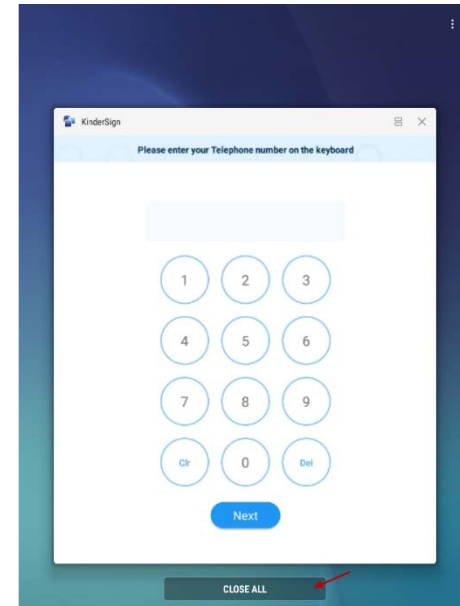

To refresh your tablet:

- Power it Off, then back On.
OR
- You can refresh the tablet without turning it Off.

A Press the lower left button. 

B Tap **Close All** or use your finger to swipe away (to the left or right) the KinderSign application to close.

C Re-open the application from the tablet Home screen.
